

# **Scope of Work for Adopt-A-Median Neighborhood Beautification Partnership**

This is a proposal to install a sculpture to memorialize Jeff Knopp, a bicyclist who lost his life to an automobile driver while riding in the vicinity of the proposed sculpture.

The proposed sculpture consists of a Department of Transportation standard post, 15' tall. Affixed to this post are (1) 16" x 40" Memorial sign, the physical components of which adhere to Department of Transportation guidelines and the visual components of which have been approved by the Department of Transportation, and (1) Sculpture consisting of a **34" x 72"** fabricated representation of a bicycle. The sculpture consists of welded 1" square steel tubing. Both of these elements are affixed to the post by means of steel bolts, utilizing tamper-proof hardware.

The post is to be installed to manufacturers instructions, utilizing anchors set in concrete.

The timeline for completion of the project is one month from approval date.
