or paste the address into the address bar on your browser and press Enter

Using the Zoom App: Join Meeting and enter ID: 918 9278 5703

Other Toll Free Numbers: 833-548-0276, 833-548-0282, 877-853-5257

You may also call in at this number which is not toll free: 1-669-900-6833

Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte Cindy Cleghorn, al (818) 951-7411 o por correo electrónico secretary@stnc.org para avisar al Concejo Vecinal.

IN CONFORMITY WITH THE GOVERNOR'S EXECUTIVE ORDER N-29-20 (MARCH 17, 2020) AND DUE TO CONCERNS OVER COVID-19, THE BOARD OF SUNLAND-TUJUNGA NEIGHBORHOOD COUNCIL MEETING (STNC) WILL BE CONDUCTED ENTIRELY TELEPHONICALLY.

Every person wishing to address the Board must dial 1 (888) 475-4499 and enter **918 9278 5703**, and then press # to join the meeting. The meeting can also be joined from the Zoom join meeting screen using Webinar ID **918 9278 5703**. Instructions on how to sign up for public comment will be given to listeners at the start of the meeting.

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS The public is requested dial *9, when prompted by the presiding officer, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to (1) One minutes per speaker, unless adjusted by the presiding officer of the Board.

The Neighborhood Council system enables meaningful civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, comprised of stakeholder volunteers who are devoted to the mission of improving our communities.

Unless otherwise specified, all items on the meeting agenda are for Discussion and Possible Action and may be taken out of order at the discretion of the President. This is our first virtual meeting, please understand that there may be some connection delays from time to time.

1. **Call to Order and Welcome** – Liliana Sanchez, President
- A. **Pledge of Allegiance**
- B. **Roll Call** - Secretary – Cindy Cleghorn – Quorum is 11
- C. **Board Members eligible to vote.**

2. President's Report

- A. STNC [Bylaws](#) Approved by the BONC and in effect as of 6/29/20.
- B. President appoints Ivan Spiegel as STNC parliamentarian who will advise the president in accordance with the STNC Bylaws.
- C. San Fernando Valley Disaster Preparedness Fair set for October 10 possibly a virtual or social distancing event.
- D. National Night Out is October 12 - STNC needs volunteers to help plan neighborhood events on this date.
- E. Melody Seraydarian, Youth Representative position voted onto the board June 10 was mistakenly qualified. STNC does not have a Youth Representative seat so we will vote tonight to correct.
- F. BOARD UPDATES and ANNOUNCEMENT OF BOARD VACANCY - Stakeholder Group Representative (2) vacant positions. From the Bylaws: Seven (7) Stakeholder Group Representatives shall be elected at large. These Representatives shall be elected from the pool of community stakeholders representing non-profits, educational, faith-based, and, service, youth, and special-interest organizations located or meeting regularly within the Sunland-Tujunga Neighborhood Council boundaries. No organization may have more than one stakeholder representative. All Group Representatives must participate on at least one committee. Candidates interested in applying for the vacancy on the STNC board are to submit their interest statement, stakeholder documentation and supporting organization letter to secretary@stnc.org no later than Wednesday, July 22, 2020 to be added onto the next Executive Committee and Board meeting agendas. If selected, new board members will be required to complete ethics, funding and code of conduct training, attend meetings, join committees.

GENERAL BOARD MEETING

Pre Meeting Comments at 6:30pm by Gibson Nyambura, Done Advisor – this meeting is audio only. If a member of the public wants to make a comment, press *9. If anyone needs translation services or closed captioning for STNC online/telephonic meetings they need to give DONE at least 48 hours’ notice.

Item 1. (a-b) Call to Order and Welcome, President Sanchez—Meeting called to order at 6:45 , Pledge of Allegiance, Roll Call --Meeting quorum met. Meeting attended at least in part by 22 other participants, including public employees and members of the public.

Secretary Cleghorn notes that all votes will be by roll call, and she will be the moderator of the meeting. Please dial *9 or use Zoom’s raise hand feature. Please be respectful and if there is any background noise from where you are calling, put yourself on mute.

Announcement from DONE Advisor Gibson Nyambura: Meetings will be online until further notice. DONE is meeting with Neighborhood Council Chairs regarding collaboration. DONE staffing is subject to citywide staffing furloughs and some have been reassigned to disaster staffing. This is the final month to submit revised Bylaws. The new Neighborhood Council censure procedures were approved by BONC and will become part of the Bylaws.

Item 1. (c) STNC Board Member Training update: VP Grant confirms that she has completed her live ethics training.

Item 2. Discussion / Possible Action to approve March 11, 2020 Board Meeting Minutes

Motion: Approve March 11, 2020 Board Meeting Minutes				
Motion: Lallah Rowe; Second: Lydia Grant Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

Item 3. President’s Report:

- A. STNC Update on COVID 19 Emergency** the STNC spent \$4,500 for masks and emergency food giveaways. Many thanks to the volunteers and organizations involved: Making It Happen, United Methodist Church, Tujunga, Sunland Shadow Hills Rotary, Jain Center of Los Angeles, Tujunga, and LAUSD.
- B. National Night Out** more volunteers are needed for this event.

Item 4. Representative Announcements and Reports

Caroline Menjivar, Mayor Garcetti’s East Valley Representative – many things have happened during the past two weeks. The City of Los Angeles received the County’s okay to move into stage 3 of the State’s stay at home order which allows gyms and museums to re-open if safety protocols are followed. Nail Salons, Tattoo Parlors, Massage Parlors, Movie Theaters and Live Performances are still closed. Please refer to and promote the City of LA’s safer at home website, which has all the details. As for the civil unrest the City is into the 5th or 6th day of no vandalism. There will be no punitive fines for those arrested for curfew violations, those with looting or vandalism charges are still subject to prosecution. The City is still working on a plan to help those businesses impacted by the looting and with those who need rental assistance. As far as the City’s budget goes, nothing is definite when it comes to cuts and allocations. There will be a telephonic meeting of the budget and finance committee next week and the public will have the opportunity to call in. Member Rowe inquired about the rental assistance program. Representative Menjivar responded there will be more information by July 1st, there is 100 million in the fund right now and some Council

Members are contributing some of their discretionary funds, along with private contributions. More information is available on the City's Housing and Community Investment Department's website: <https://hcidla.lacity.org/>

Ardem Tajerian, Senior Librarian, Sunland Tujunga Library – it has been 10 weeks since they left the building. The branch staff has worked delivering meals to seniors, adding staff to support homeless shelters, 2 have been reassigned to be contact tracers. They have been busy. The ST library is looking forward to opening soon, but as of now it is closed, including the book drop.

Arturo Garcia, Office of California Assembly Member Luz Rivas-- The office is still closed; the staff is working from home helping constituents, especially those with EDD problems. So far the EDD has processed 5.1 million unemployment claims and paid 60 billion in benefits. AB 1845, to create a Secretary of Housing Insecurity and Homelessness to co-ordinate the 13 agencies that have homeless programs passed the state Assembly and is now going to the state Senate.

Theresa Lamb Simpson, Office of U.S. Representative Adam Schiff – the offices are closed; staff is working from home with constituent issues.

Vickere Murphy, Office of California State Senator Anthony Portantino – The bills Secretary Cleghorn inquired about, SB 902 etc., are going into the suspense file. June 18th is the next hearing on the senate floor. If after June 18th you see they are still in suspense, they are stopped in suspense. If you have problems with the EDD or any other state agency, feel free to contact her office. As far as the EDD fixing claim problems, they are two weeks out for simple problems, three weeks out for complex problems.

Eve Sinclair, Area Director for Councilwoman Monica Rodriguez – The council office has been supporting local food pantries such as those at Making it Happen, Our Lady of Lourdes, United Methodist Church. DOT officers are working with the food banks to make sure they are safer in light of the tragic death of one of the food bank volunteers. The council office is also working on getting meals delivered to seniors. Construction of the Summit View veteran's housing project is well underway. The Sylmar Armory Women's shelter is going to open in July. The Sunland Park lighting project with 1200 led lights that automatically turn off and on is complete. The LA Conservation Corps is planting 60 trees from Marcus Ave. to Lowell. They will water them for 3 years.

Q&A: Q: By President Sanchez—the STNC Beautification Committee is concerned about the trees that were planted a few years ago in Sunland being watered. Can Council District 7 help? A: Street trees are watered for 3 years when they are considered established; you can then ask the merchants to water the trees in front of their businesses. Q: By President Sanchez—is there a completion date on the North Valley City Hall remodel? A: There is no completion date set; progress continues there are new windows and drywall being installed. It is highly doubtful the building will be ready in time for National Night Out. Q: By V.P. Grant – are the bathrooms by the Basketball Courts at Sunland Park still closed? A: Does not know; Sunland Park staff would know. Q: By member Potter: Since the windows are new, the STNC should not tape notices on them? A: This would be a good idea. Q: By Pat Kramer, STAT Committee – What is the status of the left hand turn signals on Foothill Blvd.? A: LADOT has been very busy dealing with COVID 19 street issues and civil unrest issues, does not have any updated ETA, will update when she knows. The left hand turn signal at Foothill / Apperson was supposed to go in this fall. Q: By member Belt: Have the Park Rangers reassigned someone to cover our area, including Sunland Park? A: There are two park rangers who cover our area, Captain Barron and another ranger, she will provide member Belt with their contact information.

Item 5. Public Comments on Non-Agenda Items:

Pat Kramer: I have seen news about cutting LAPD funding, hopes this will not impact STNC's request for a much needed additional traffic officer.

Nina Royal: If anyone has concerns about the LAPD, there is a community advisory board set up to address them. They are online, the second Thursday of the month at 6pm.

Item 6. Selection of Stakeholders

- A. Region 1 Representative candidate: Mark Norling – Is 64 years old. Has lived here for 4 years and thinks it is an amazing community with natural beauty. He thinks some things could be improved upon. This is his first time participating in any sort of organized local government. He has the time and interest so he would like to put his hat in the ring.

Q&A: Q: By President Sanchez: have you attended any STNC meetings? A: No. I have attended other local meetings but not STNC meetings. By Member von Gunten: Thanks for volunteering. What is your philosophy on development, rural views vs. business development? A: Over the long term, trees and maintaining the environment is the most important because they will remain when businesses are gone. Does not see a conflict between the environment and commercial development. Our area does not seem to attract the sorts of businesses that should be attracted given the natural beauty. This type of development would be a win-win. Q: By Member Belt: Can you define the area of Region 1? A: Region 1 goes from Mt. Gleason to the west into the mountains, including the hog farm; at least this is what it looks like from the map. Q: By Member Khanjian: Thank you for volunteering; I am a new member too. It is learn as you go. Q: By VP Royal: Everyone has to serve on a committee. She recommends the Outreach Committee.

Motion: Select Mark Norling as a Region 1 Representative				
Motion: Lydia Grant ; Second: Lallah Rowe Roll call vote				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

- B. Youth Representative Melody Seraydarian—she is a 16 year old high school student. She has a demonstrated history of volunteering in politics and tech support. She knows Adobe Photoshop. She would like to reach out to local youth via social media like Instagram and Twitter. Young people are not used to looking at websites. Is interested in attracting new business to Sunland Tujunga and in making the STNC more efficient.

Q&A: Q: By Member Rowe: Glad to see someone volunteer; what are you planning? A: She lives in Tujunga and didn't even know other young people lived in her area. Instagram and Twitter is what young people check. Member Keshish: Welcome to the meeting are you involved in any other local groups? A: I worked as an intern at Senator Portantino's office doing graphics, social media, phone banking. Has also worked on the Montrose public library blog and is a member of the debate club. Q: Member Abramyan: Welcome. We are missing our youth outreach committee and getting local youth involved.

Motion: Select Melody Seraydarian as Youth Representative				
Motion: Carol Hutchinson ; Second: Lydia Grant Roll call vote				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

Secretary Cleghorn notes she will contact the new board members regarding the necessary training.

Parliamentarian Spiegel notes there needs to be a motion to move to the 8:00 special meeting and a new attendance roll call taken. VP Grant moves, Member Belt seconds. No objections voiced by any board member.

SPECIAL BOARD MEETING

Special Agenda Item 2 Community Impact Statement: Increase in Neighborhood Council Funding to \$100,000 for upcoming fiscal year

MOTION: The Sunland-Tujunga Neighborhood Council is requesting that all Neighborhood Councils have an Increase in our Neighborhood Councils' Annual budget to \$100,000 for the upcoming fiscal year commencing July 2020. CF 20-0692.

President Sanchez supports this motion to further fund Community Food Banks, Multi-Cultural Events, Traffic Safety Education, Public Schools and After School programs through Neighborhood Purpose Grants and Community Improvement Projects. VP Grant notes this Community Impact Statement was started by the Central Alameda NC and other neighborhood councils are signing on.

Pro Arguments by board members: If you think small you get small, the price of everything is going up, it can't hurt to ask, it will help stimulate the local economy.

Con Arguments by board members: the City Budget is already in extreme turmoil with city employee furloughs and budget cuts in most departments, including the LAPD, and a big cut in Neighborhood Council Funding. This motion makes the STNC look greedy, silly and unaware of what is going on. This amount of money would cause the STNC to lose focus and look like a non-profit piggy bank.

Motion: MOTION: The Sunland-Tujunga Neighborhood Council is requesting that all Neighborhood Councils have an Increase in Neighborhood Councils' Annual budget to \$100,000 for the upcoming fiscal year commencing July 2020. CF 20-0692.				
Motion: Lallah Rowe ; Second: Pati Potter Roll call vote

7 yes, 9 No, 2 Ineligible, 2 absent, motion fails				

Motion to adjourn Special Board Meeting, resume General Board Meeting made by VP Grant and seconded by Member Belt at 8:15.

GENERAL BOARD MEETING (CONTINUED)

Item 7. Consent Calendar

A. Approval of Encumbrance of Unspent 2019/2020 Funds

MOTION: The STNC approves Encumbering FY 19-20 funds to FY 20-21 identifying vendors and purpose of encumbered funds for 2020/2021 fiscal year. The vendors will be:

US Storage (Storage Space - \$3,143.00); Webcorner (Website - \$1,800.00)

USPS (Post Office Box - \$326.00); Zoom (\$149.90); Ring Central (\$840.00); Constant Contact (\$714.00); Total \$6,972. 68.

B. Approval of Web Corner Invoices

MOTION: The STNC Board approves Web Corner Invoices 19854 & 20153 in the amount of \$63.00 for domain name and yearly renewal of stnc.org

C. Approval of Rollover Funds for 2020/2021 Fiscal Year

MOTION: The STNC board approves \$10,000 of FY 2019/20 funding rollover to FY 2020/21 according to the City's policy.

D. NPG Application from Parents, Educators/Teachers & Students in Action (PESA)

MOTION: The STNC Board does not approve of the NPG application for \$5,000.00 from PESA due to lack of budget funds this fiscal year.

E. NPG Application from North Valley Caring Center

MOTION: The STNC Board does not approve of the NPG application for \$5,000.00 from North Valley Caring Center due to lack of budget funds this fiscal year.

F. Request for Cooling Station (Liliana Sanchez, President)

MOTION: The STNC Board shall send a letter to Mayor Garcetti, Supervisor Kathryn Barger, and Councilmember Monica Rodriguez requesting an update on a proposed Cooling Station for Sunland-Tujunga.

G. CIS Requesting Rollover of 2019-2020 Neighborhood Council Funds (Lydia Grant)

MOTION: The STNC Board approves the submission of a Community Impact Statement on Council File CF-20-0416 supporting that all remaining NC funds on June 30, 2020 be rolled over to 2020-2021 budget for each and all Neighborhood Councils.

H. Hold On Discretionary City Planning Approvals (Liliana Sanchez, President)

MOTION: The STNC Board approves letter to City Planning regarding the hold on Discretionary City Planning approvals.

I. Community Impact Statement (CIS) in Support of Neighborhood Council Budget Advocates 2020 White Paper (Cindy Cleghorn)

MOTION: The STNC shall submit a Community Impact Statement (CIS) re Council File 20-600. Supporting the work of the Neighborhood Council Budget Advocates and their 2020 White Paper and its call for “radical transparency”.

J. Selection of 2020-2021 STNC Budget Representatives

MOTION: The STNC Board shall select its 2020-2021 STNC Budget Representatives. Current reps are Lallah Rowe and Sandy Capps.

Motion: Approve Consent Calendar Items A-J				
Motion: Lydia Grant; Second: Lallah Rowe Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

Item 8. Treasurer Reports

A. Approval of March 2020 MER

Motion: Approve March 2020 MER				
Motion: Lydia Grant; Second: Glen Belt Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

B. Approval of April 2020 MER

Motion: Approve April 2020 MER				
Motion: Lydia Grant; Second: Glen Belt Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

C. Ratify Expenditures for COVID-19 Emergency Funding

Motion: Ratify the following expenditures for COVID-19 Emergency Funding as allocated by the President: MAKING IT HAPPEN - \$1,000; FACEMASKS -\$500; LAUSD, GRAB AND GO - \$1,000; MAKING IT HAPPEN - \$500; HOPE FOR HOMELESS YOUTH - \$500; MAKING IT HAPPEN - \$500; TUMC \$500; Total \$4,500.				
Motion: Lydia Grant; Second: Lallah Rowe Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
16 yes, 0 abstain, 2 absent, motion passed				

D. Approval of 2020/2021 Administrative Budget Packet

Motion: The STNC approves the Administrative Budget Packet for FY 20-21				
Motion: Lydia Grant; Second: Lallah Rowe Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour		Belt		Alvarez, Cerpa
15 yes, 1 abstain, 2 absent, motion passed				

Item 9. New Business

A. Community Impact Statement (CIS) Opposing the Purchase of Foreclosed Properties for Homeless Housing

Motion: The STNC Board approves the submission of a Community Impact Statement in opposition to Council File 20-0491 which would allow the City to acquire properties that go into foreclosure due to the financial hardships of the Corona Virus and purchase them for homeless housing.				
Motion: Lydia Grant; Second: Glen Belt Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Abramyan, Khanjian, von Gunten, Armour				Alvarez, Cerpa
15 yes, 1 abstain, 2 absent, motion passed				

Member Grant notes this motion is prompted by a Council File suggested by LA City Council member Bonnin who wants the City to buy foreclosed homes at bargain prices so they can be occupied by multiple homeless people in each bedroom. All STNC board members who spoke were opposed to this as immoral, kicking people when they are down due to COVID 19, making one set of people homeless to house other homeless. They noted that if there is money it should be used to help homeowners or landlords in distress due to non-paying tenants. Board Member vonGunten noted it also does not make sense to scatter homeless about where it will be hard to connect them with services.

B. Mobility & Open Space Access in Sunland-Tujunga during COVID-19

Motion: The STNC shall send a letter to Mayor Garcetti and Councilwoman Rodriguez opposing Mayor Garcetti’s Slow Streets initiative in Sunland-Tujunga. Sunland-Tujunga is a Very High Fire Danger Area and all streets need to be left open for evacuations.				
Motion: Lydia Grant; Second: Nina Royal Roll call vote / BAC signed				
Yes	No	Abstain	Recuse	Absent
Sanchez, Grant, Royal, Capps, Cleghorn, Rowe, Keshish, Belt, Karamians, Shaheenian, Potter, Hutchinson, Khanjian, von Gunten, Armour	Abramyan			Alvarez, Cerpa
15 yes, 1 no, 2 absent, motion passed				

VP Grant notes that during the COVID 19 stay at home orders places like Venice were closing streets so there would be more space for people to bike and walk while maintaining 6ft social distancing. Secretary Cleghorn notes that the Mayor wants the community to pick streets for closure. Member Rowe thinks it is dangerous to close streets when the COVID 19 emergency is temporary. VP Royal, Member Potter and Member von Gunten agree that this plan is a poor fit for our community.

- C. Selection of Community Forestry Advisory Committee Representative** – Secretary Cleghorn notes this group meets the first Thursday of every month. This would be someone that is interested in saving protected trees. Member Potter notes that someone from the STNC Land Use Committee might be interested.

Item 10. COMMITTEE / ALLIANCES / LIAISONS UPDATES: STNC Committee Reports --

- a. RYLAN (Ready Your LA Neighborhood) Update - Sandy Capps** – there have been no meetings due to Covid 19
- b. EMERGENCY PREPAREDNESS** – The board needs a liaison to attend monthly meetings
- c. NEIGHBORHOOD WATCH** – **Jon von Gunten** the LAPD Foothill Division has had zero cases of Covid 19, which is quite remarkable. Very few violent crimes and uptick in vehicle and home break-ins. He is working of setting up neighborhood watch zoom meetings.
- d. ST TRAFFIC & TRANSPORTATION (STAT) Committee** no report.
- e. OUTREACH AND COMMUNITY IMPROVEMENT COMMITTEE** – VP Royal: the T-shirts should be done by next week. It is only 8 weeks until National Night Out; volunteers are needed but plans are uncertain due to the ongoing Covid 19 situation. The next online meeting is June 17 at 6:30pm.
- f. LAND USE** – next meetings June 15 and June 20
- g. Beautification Committee** – next meeting June 17, @ 6pm
- h. ST ARTS, CULTURE & RECREATION (STARC) COMMITTEE** - next meeting June 23
- i. Executive Committee** – July 1, 2020 @ 7:30 pm
- j. NC Budget Advocates** – City Regional Services Regional Town Hall Breakout Session & BA Elections on 6/27 at 1pm. The budget is now very upside down. Lallah Rowe would like to resign her budget advocate position because of her committee co-chair duties and because the lack of budget honesty is frustrating. Gary Fortis, a budget advocate from another NC would like to make a comment on this agenda item-- The 78 million dollar surplus has turned into a 200 million dollar deficit due to not factoring in pay raises for police, fire and other city employees. The 200 million dollar figure is before COVID 19 revenue losses. He is upset that the neighborhood councils got cut 24% and the Department of Neighborhood Empowerment got cut 30%, as well as having staff reassigned to disaster relief work. The City Council is doing budget meetings next week so there is very little time for neighborhood council input.
- k. VANC** – no meetings yet

- I. **DWP MOU / DWP Committee – Meets 1st Saturday @ 8:30 a.m. @ LADWP**
- m. **LANCC – Meets 1st Saturday @ 10 a.m. @ LADWP**

Item 16. Final Announcements President Sanchez notes there are only 11 months and 9 days left for the current STNC term, so make it count. Volunteer for a committee.

Adjourn at: 9:20 pm

Minutes by Marjorie Maxon

DRAFT

**Flyers Club
(Future Leader Youth)**

6501 Quinton Lane, Tujunga, CA 91042

818-749-0787

To Whom It May Concern,

This is to verify that Melody Seraydarian is a member in good standing of Flyers Club #1. This is a club which focuses on helping young people to become competent leaders in our community. We are located at 6501 Quinton Lane Tujunga and meet twice a month.

Our Executive Committee has approved that Melody represent us to the Sunland-Tujunga Neighborhood Council.

Thank you

A handwritten signature in blue ink, appearing to read "Christopher Rowe", is written over a horizontal line.

Christopher Rowe
Executive Vice President

Neighborhood Council Funding Program
APPLICATION for Neighborhood Purposes Grant (NPG)

This form is to be completed by the applicant seeking the Neighborhood Purposes Grant and submitted to the Neighborhood Council from whom the grant is being sought. All applications for grants must be reviewed and approved in a public meeting. Upon approval of the application the Neighborhood Council (NC) shall submit the application along with all required documentation to the Office of the City Clerk, NC Funding Program.

Name of NC from which you are seeking this grant: Sunland Tujunga

SECTION I - APPLICANT INFORMATION

Sunland Tujunga Shadow Hills Rotary Club	84-4602587	CA	2/26/2020
1a) <u>Organization Name</u>	<u>Federal I.D. # (EIN#)</u>	<u>State of Incorporation</u>	<u>Date of 501(c)(3) Status (if applicable)</u>
1b) <u>P.O. Box 366</u>	<u>Sunland</u>	<u>CA</u>	<u>91041</u>
<u>Organization Mailing Address</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>
1c) <u>Business Address (if different)</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>
1d) PRIMARY CONTACT INFORMATION: <u>Roger Klemm</u>	<u>818-635-9532</u>	<u>treehuggers@ca.rr.com</u>	
<u>Name</u>	<u>Phone</u>	<u>Email</u>	
2) Type of Organization- Please select one:			
<input type="checkbox"/> <u>Public School (not to include private schools)</u> <u>Attach Signed letter on School Letterhead</u>		or	<input checked="" type="checkbox"/> <u>501(c)(3) Non-Profit (other than religious institutions)</u> <u>Attach IRS Determination Letter</u>
3) <u>Name / Address of Affiliated Organization (if applicable)</u>	<u>City</u>	<u>State</u>	<u>Zip Code</u>

SECTION II - PROJECT DESCRIPTION

- 4) **Please describe the purpose and intent of the grant.**
 Purchase Personal Protective Equipment Face Shields and distribute to local convalescent hospitals for use by staff.
- 5) **How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)**
 Personal Protective Equipment Face Shields will be distributed to local convalescent hospitals for their staff to use. This PPE is important to protect staff from the novel coronavirus SARS-CoV-2 and reduce the incidence of the COVID-19 disease among staff and patients.

SECTION III - PROJECT BUDGET OUTLINE

You may also provide the Budget Outline on a separate sheet if necessary or requested.

6a)	Personnel Related Expenses	Requested of NC	Total Projected Cost
		\$	\$
		\$	\$
		\$	\$
6b)	Non-Personnel Related Expenses	Requested of NC	Total Projected Cost
		\$	\$
	Personal Protective Equipment Face Shields	\$ 500.00	\$ 500.00
		\$	\$

7) Have you (applicant) applied to any other Neighborhood Councils requesting funds for this project?
 No Yes If Yes, please list names of NCs: _____

8) Is the implementation of this specific program or purpose described in Question 4 contingent on any other factors or sources or funding? (Including NPG applications to other NCs) No Yes If Yes, please describe:

Source of Funding	Amount	Total Projected Cost
	\$	\$
	\$	\$
	\$	\$

9) What is the TOTAL amount of the grant funding requested with this application: \$ 500.00

10a) Start date: PL 7 / 1 / 20 10b) Date Funds Required: PL 7 / 1 / 20 10c) Expected Completion Date: PL 8 / 1 / 20
 (After completion of the project, the applicant should submit a Project Completion Report to the Neighborhood Council)

SECTION IV - POTENTIAL CONFLICTS OF INTEREST

11a) Do you (applicant) have a current or former relationship with a Board Member of the NC?
 No Yes If Yes, please describe below:

Name of NC Board Member	Relationship to Applicant
Cindy Cleghorn	Member of Rotary Club
Mark Siegel	Member of Rotary Club

11b) If yes, did you request that the board member consult the Office of the City Attorney before filing this application?
 Yes No *(Please note that if a Board Member of the NC has a conflict of interest and completes this form, or participates in the discussion and voting of this NPG, the NC Funding Program will deny the payment of this grant in its entirety.)

SECTION V - DECLARATION AND SIGNATURE

I hereby affirm that, to the best of my knowledge, the information provided herein and communicated otherwise is truly and accurately stated. I further affirm that I have read the documents "What is a Public Benefit," and "Conflicts of Interest" of this application and affirm that the proposed project(s) and/or program(s) fall within the criteria of a public benefit project/program and that no conflict of interest exist that would prevent the awarding of the Neighborhood Purposes Grant. I affirm that I am not a current Board Member of the Neighborhood Council to whom I am submitting this application. I further affirm that if the grant received is not used in accordance with the terms of the application stated here, said funds shall be returned immediately to the Neighborhood Council.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Summary:

The Sunland-Tujunga Neighborhood Council OPPOSES the City Council Resolution to support SB1385 (Caballero). SB 1385 will take away local control of land use decisions in our community. Perhaps a better solution is to mandate cities to improve or streamline their decision making process and to require that cities allow residential in commercial zones through a streamlined process rather than also requiring those decisions to be ministerial. Exempting all such residential projects from public review ignores the environmental impacts that large projects might have on our community. In addition, the requirement that there be a minimum density for any such project proposed as a result of this law might result in impacts to our local neighborhoods from projects on larger lots at the same time residents are denied the ability to request remediative measures to such impacts from the public review process. Opposition to this bill is also necessary because of the larger impact it will have when considered in light of larger market forces on traditional brick and mortar retail.

Summary:

The STNC SUPPORTS the City Council Resolution to OPPOSE SB1120 (Atkins) It undermines local land use control and the concept of "Home Rule" by the imposition of State legislation on local government agencies, including charter cities. The state has already taken away extensive local control from our communities removing our voice in land use projects in our communities regarding height, mass, landscaping and infrastructure. Our communities already suffer from lack of city services and now with susceptibility of COVID-19, allowing this bill to pass will further degrade our neighborhoods by not allowing local communities to identify areas that have the infrastructure to support additional housing. The passing of SB1120 will further diminish the quality of life in Sunland-Tujunga and will create more unsafe neighborhoods. We commend Councilman David Ryu for advancing the position of the City of Los Angeles and its neighborhoods.

RE: L.A. City Ability to financially and safely support the 2028 Olympics

Dear Mayor Garcetti, City Controller Ron Galperin and Los Angeles City Councilmembers:

COVID-19 and the shutting down of our businesses, parks and public spaces has had a major impact on our City and our communities. City services are already impacted due to the homeless and housing crisis. The STNC requests that the City Administrative Officer (CAO) and City Controller, Ron Galperin, report within 120 days if the City of Los Angeles with its current economic crisis and potential loss of LAPD fund if the City of Los Angeles can safely support the Games of the XXXIV Olympiad (2028 Olympics).

Sincerely,

Liliana Sanchez, President
Sunland-Tujunga Neighborhood Council

**Neighborhood Council Funding Program
APPLICATION for Neighborhood Purposes Grant (NPG)**

This form is to be completed by the applicant seeking the Neighborhood Purposes Grant and submitted to the Neighborhood Council from whom the grant is being sought. All applications for grants must be reviewed and approved in a public meeting. Upon approval of the application the Neighborhood Council (NC) shall submit the application along with all required documentation to the Office of the City Clerk, NC Funding Program.

Name of NC from which you are seeking this grant: _____

Wayne Lilly (828) 638-0327 wayne@allkidsbike.org
Name *Phone* *Email*

2) **Type of Organization- Please select one:**
 Public School (not to include private schools) or 501(c)(3) Non-Profit (other than religious institutions)
 Attach Signed letter on School Letterhead Attach IRS Determination Letter

Los Angeles Unified School District: Office of School Wellness Programs Los Angeles CA 90017
 3) *Name / Address of Affiliated Organization (if applicable)* *City* *State* *Zip Code*

SECTION II - PROJECT DESCRIPTION

4) Please describe the purpose and intent of the grant.

The purpose of this grant is to support the funding needed for a 50-school All Kids Bike (AKB) Kindergarten PE Learn-To-Ride Pilot Program within the Los Angeles Unified School District. This partnership is a priority for the Los Angeles Unified School District (LAUSD) Office of Wellness Programs, to enable the fun, freedom, confidence, and mobility for kindergartners in 50 schools, with the ultimate goal of integrating the Kindergarten PE Program into every elementary school in the district. With the support of the Neighborhood Purposes Grant and multiple Neighborhood Councils, All Kids Bike and LAUSD will be able to provide healthier,

5) How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)

The All Kids Bike Kindergarten PE Program allows for equity in gaining the experience of this life skill. All children in Los Angeles deserve the opportunity to learn to ride a bike despite any socioeconomic circumstances or access to safe biking areas. Biking is a skill that can provide transportation to school or their first job in the future. In addition, biking stimulates the mind, promotes heart health, and provides a variety of physical and mental health benefits. Moreover, Principal Sylvia Guzman alluded to the educational benefits, including enhanced classroom focus and increased attendance.

The Kindergarten PE Program does not just support kindergartners but can benefit the whole family and the broader community. Kids can be kids again, void of increased screen time and a stagnant lifestyle. Kids can be imaginative and reengage with nature. Families can go for walks,

SECTION III - PROJECT BUDGET OUTLINE

You may also provide the Budget Outline on a separate sheet if necessary or requested.

6a)	Personnel Related Expenses	Requested of NC	Total Projected Cost
	n/a	\$	\$
		\$	\$
		\$	\$

6b)	Non-Personnel Related Expenses	Requested of NC	Total Projected Cost

4) Please describe the purpose and intent of the grant.

The purpose of this grant is to support the funding needed for a 50-school [All Kids Bike](#) (AKB) Kindergarten PE Learn-To-Ride Pilot Program within the Los Angeles Unified School District. This partnership is a priority for the Los Angeles Unified School District (LAUSD) Office of Wellness Programs, to enable the fun, freedom, confidence, and mobility for kindergartners in 50 schools, with the ultimate goal of integrating the Kindergarten PE Program into every elementary school in the district. With the support of the Neighborhood Purposes Grant and multiple Neighborhood Councils, All Kids Bike and LAUSD will be able to provide healthier, sunnier days to students when schools reopen this fall.

The [All Kids Bike Kindergarten PE Program](#) equips schools with everything needed to get their kindergartners rolling, including a fleet of 2-in-1 balance-to-pedal conversion bikes, kickstands, helmets, an integrative 8-lesson curriculum, and a 5-year support plan. The Kindergarten PE Program is suited to accommodate anticipated needs when students return, including:

- **Spatial awareness**- teaches the concept and understanding of “safe distancing” to a child.
- **Limited touch points**- specifically designated hand placement helps limit cross-class touch points.
- **Fosters overall health**- core muscle development, cardio activity, and mental motivation.

Bertrand Ave Elementary School in Reseda piloted the first Kindergarten PE Program in Los Angeles Unified School District this spring. [Principal Sylvia Guzman highlighted program benefits](#), including increased attendance, better classroom focus, and inspirational teacher collaboration. Principal Guzman hopes to see the program expand throughout the district and nation, and highly recommends it to other LAUSD administrators.

Los Angeles Unified School District Director of Wellness Programs, William Celestine, is eager to pilot the program in 50 additional schools in the 2020-2021 school year, stating: “We are excited to partner with All Kids Bike to bring this incredible level of engagement to our Los Angeles Unified School District (LAUSD) students. With the support of All Kids Bike, we are tackling childhood obesity by building confidence, muscle endurance, and self-esteem one student at a time, through riding!”

5) How will this grant be used to primarily support and serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)

The All Kids Bike Kindergarten PE Program allows for equity in gaining the experience of this life skill. All children in Los Angeles deserve the opportunity to learn to ride a bike despite any socioeconomic circumstances or access to safe biking areas. Biking is a skill that can provide transportation to school or their first job in the future. In addition, biking stimulates the mind, promotes heart health, and provides a variety of physical and mental health benefits. Moreover, [Principal Sylvia Guzman](#) alluded to the educational benefits, including enhanced classroom focus and increased attendance.

The Kindergarten PE Program does not just support kindergartners but can benefit the whole family and the broader community. Kids can be kids again, void of increased screen time and a stagnant lifestyle. Kids can be imaginative and reengage with nature. Families can go for walks, bike rides, and encourage one another to be more active. The community can benefit from decreased traffic and road congestion, and experience clearer skies and cleaner air. This program will provide children with a healthy habit and passion for two wheels, which can initiate a healthy trajectory for an active lifestyle.

As Los Angeles begins to recover, each of us has the power to reshape it. The future is in the hands of our youth, and perhaps there is a future where bikes create a cleaner, safer, healthier, happier planet.

May 25, 2020

Dear Neighborhood Council,

We know that childhood development does not have a pause button, no matter the circumstances in life. [All Kids Bike](#) and Los Angeles Unified School District Wellness Programs recognizes that fostering **joy-filled** mobility, confidence, and **active health** in kindergarten is vital to a child's overall wellbeing this very moment.

Take it first hand from Principal Guzman at Bertrand Avenue Elementary in Reseda, as [she shares](#) from her experience with the [Kindergarten PE Learn-to-Ride Program](#) and its positive impact upon their students.

Unfortunately, sedentary lifestyles are leading to poor health. Obesity rates in America are at the highest in recorded history. Associated diseases of diabetes, heart disease and depression are all climbing. By the ages of 8-18 years old, American children spend **7+ hours on digital screens**.

There is a remedy. Bicycling simultaneously activates a child's mind and body. By introducing it to kindergartners on revolutionary *Strider Learn-To-Ride Bikes*, children and teachers progress through learning to ride void of fear and full of success. **Learning to ride while young catalyzes lifetime active health.**

With a gift of \$4,000 per school, your Neighborhood Council can afford this opportunity to each elementary school in your care through the [Kindergarten PE Learn-To-Ride Program](#) starting this 2020-2021 school year. The program includes teacher training and certification, a structured (8) lesson curriculum, a fleet of (22) Strider® 14x Balance Bikes, (22) helmets, (22) pedal conversion kits, a five-year support plan and it all costs **less than \$10 per student** over its lifetime.

Importantly, this program also strengthens current kindergarten Wellness Program critical needs:

- **Spatial awareness** – teaches the concept and understanding of “safe distancing” to a child.
- **Limited touch points**- specifically designated hand placement helps limit cross-class touch points.
- **Fosters overall health**- core muscle development, cardio activity, and mental motivation.

Would you kindly consider helping your neighborhood school(s) gain this opportunity now? It will without doubt strengthen your community and all of Los Angeles as we help [All Kids Bike](#) throughout LAUSD.

*"We are excited to partner with All Kids Bike to bring this incredible level of engagement to our Los Angeles Unified School District (LAUSD) students. With the support of All Kids Bike, we are tackling childhood obesity by building confidence, muscle, endurance, and self-esteem one student at a time, through riding!" – **William Celestine, Director, LAUSD Wellness Programs***

We know your concerns are many now and appreciate the opportunity to help address one of them - **a child's wellbeing**. Together we can help your neighborhood children experience **sunnier days ahead!**

Your questions and comments can be directed to: wayne@allkidsbike.org or (828)638-0327.

For All of them,

Wayne Lilly and the All Kids Bike Team
Sr. Director of Development & Outreach | Strider® Education Foundation

2221 N Plaza Drive
Rapid City, SD 57702
info@allkidsbike.org

Dear Neighborhood Council:

We are excited to present this opportunity to support the funding needed for a 50-school All Kids Bike (AKB) Kindergarten PE Learn-To-Ride Pilot Program within the Los Angeles Unified School District. Currently, the All Kids Bike® Kindergarten PE Program is running in Bertrand Ave Elementary in Reseda, and the Los Angeles Unified School District is eager to provide this program to 50 additional elementary schools in the fall, ensuring every child has the opportunity to learn to ride a bike in PE class.

With the Strider® Education Foundation/ All Kids Bike Kindergarten PE Program, every school will receive:

- Strider Education Foundation Kindergarten PE Curriculum aligned to SHAPE America standards
- Unlimited staff training and certification
- A fleet of 2-in-1 Strider 14x Sport Bikes, Kickstands and Helmets
- Continuing support from the Strider Education Foundation

DESCRIPTION	PRICE PER SCHOOL
Services: Teacher training, program implementation, curriculum license fee, and program support for 5-years	3,600.00
Equipment: 22 Strider® 14x Bikes, 22 Pedal Conversion Kits, 22 Kickstands, 22 Strider Splash Helmets	5,719.34
TOTAL VALUE OF EACH KINDERGARTEN PE PROGRAM	\$9,319.34

The **value** of the Kindergarten PE Program is \$9,319.34 per school. Thanks to All Kids Bike contributions and discounts, the **cost** to donors is only **\$4,000** per school, **meaning every dollar donated more than doubles in value for the school.**

The Strider 14x Bike is a two-in-one conversion bike that transitions from balance bike to pedal bike with the addition of a one-bolt pedal conversion kit. This bike can support students with an inseam of 16 to 23 inches, with a target age of children 3 to 7. The program includes fully adjustable helmets. The curriculum instructs children on the proper fit of a helmet and reinforces in every lesson the importance of wearing a helmet whenever they ride a bike.

The curriculum is designed to be taught in 8 integrative lessons, beginning with the simple goal of teaching a child how to move, balance, and stop while on a two-wheeled balance bike. Midway through the curriculum, the bikes are converted from balance-mode to pedal-mode with the goal of each student pedaling a bike independently. This progressive-based approach aligns with SHAPE America National Physical Education Standards so it can seamlessly be integrated to the educator’s year-long physical education programming.

This program is offered at zero cost to the district, thanks to generous community fundraising support, community grants, and individual donors, so every child can experience the mental and physical benefits of riding a bike, as well as the fun, freedom, and mobility it provides.

Thank you for your consideration of this grant request. Please let us know if you need any additional information.

In health and on two wheels,

Strider® Education Foundation, Inc/ All Kids Bike®

STRIDER EDUCATION FOUNDATION INC
2221 N PLAZA DR
RAPID CITY SD 57702-3602

038312

Employer ID Number: 81-4580473
Form 990 required: YES

Dear Taxpayer:

This is in response to your request dated Dec. 21, 2017, regarding STRIDER EDUCATION FOUNDATION INC

We issued you a determination letter in MARCH 2017, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(03).

Our records also indicate you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If a return is required, you must file Form 990, 990-EZ, 990-N, or 990-PF by the 15th day of the fifth month after the end of your annual accounting period. IRC Section 6033(j) provides that, if you don't file a required annual information return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

For tax forms, instructions, and publications, visit www.irs.gov or call 1-800-TAX-FORM (1-800-829-3676).

If you have questions, call 1-877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific Time).

Learning to ride a bike is not only a rite of passage, but a *developmental milestone!*

Unfortunately, many kids are not learning this skill at home.

Lifelong Activity & Sport

Transportation & Mobility

Health & Happiness

Thanks to the Strider Education Foundation, schools can now receive all the bikes and lesson plans to safely and effectively teach the lifelong skill of riding a bike.

SIMPLE. CONCRETE. EASY.

STRIDER EDUCATION FOUNDATION LEARN-TO-RIDE CURRICULUM

A *proven* and *successful* curriculum that will fit into any Kindergarten PE class. The curriculum incorporates activities that meet SHAPE America's National Standards for Kindergarten Physical Education.

THE CURRICULUM INCLUDES:

- Eight easy to follow lesson plans the entire class can participate and advance through regardless of their current riding ability.
- Resources to set up the classroom or gymnasium.
- Printable posters to educate and inspire safe practices and riding techniques.
- Easy to use Assessment Map.
- Printable Graduation Certificate.
- Extra activities to incorporate into the lesson plans, for class rewards, or for a nice day outside!

Testimonials

"I wish I had a video to capture their reactions. Every student was excited and so eager to try the balance bikes. The enthusiasm was catchy! All I can equate it to is a house on Christmas morning as kids are running to open up their presents! Honestly, this was the same vibe.

I think the most important reason why we had so much positive energy toward these bikes is that all kids truly have a genuine desire to ride. I do believe that. These bikes give them the confidence that is so needed. The Strider Balance Bike is not intimidating unlike a bike on training wheels."

*Sue Sweeney, PE Teacher,
Torrence Creek Elementary, North Carolina*

"It's amazing how transformational this experience is for the kids in my classes. I'm not talking about physical skills only; they are gaining tons of physical skills with this program, but I'm seeing emotional and social growth like nothing I have seen in my twenty years of teaching physical education. Kids that have never been on a bicycle before will typically start out feeling frustrated, overwhelmed. As you can imagine, we have some tumbles and stumbles, and you can see the frustration on their faces. What amazes me is not one of those frustrated kids has ever considered giving up. The kids come back to the next class, they get their little helmets on and get right back on the bike, and you can see the determination on their faces. Some of that comes from within, some of that comes from their classmates."

*Cathi Dallesander, PE Teacher
North Street School, Connecticut*

"I had a kindergarten class who are doing striders and they love them, and I noticed some that were ready to start or try the pedals. I took a pedal bike out, and I have one kinder who was so determined to ride it and worked hard by the end of class he was riding the pedal bike and the smile and joy he had were priceless. Not only did he learn how to ride a bike, but he also learned how hard work pays off and to have goals! It really made me smile and reminded myself why I do this!"

*Gretchen Johnson, PE Teacher,
Cleveland Elementary, South Dakota*

"The kids had so much fun with the Strider Bikes. It was one of their favorite units. It was so rewarding getting to experience their first time riding a bike by themselves and how proud it made them!"

*Chloe McGraw, PE Teacher,
Westwood Elementary, Arkansas*

Impact Information

Date: Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 16-0489 and 09-2645

Agenda Date: Item Number:

Summary:

STNC requests notification of Above Ground Facilities (cell towers on telephone poles) applications that are within 250' of residents, schools, sensitive uses including copy of community letter to Council File 16-0489 and 09-2645 to establish a city ordinance regarding installation of Above Ground Facilities (AGF) in public rights of way.

6/24/2020

Please attach this document to the following council files:

CF 16-0489

CF 09-2645

Dear Councilperson Rodriguez,

There is a growing number of concerned CD7 residents who are respectfully requesting the Council person place the following matter on the next upcoming agenda and voice her opposition regarding the ongoing installation of harmful telecom Above Ground Facilities (AGFs). Since these AGFs have been determined to be harmful to small children and other living organisms, (see multiple items below), we request that the installation of these facilities in our neighborhoods and towns cease immediately, until a time when due process, due diligence, updated independent scientific review and the inclusion of public input, by constitutional right, can be possible. 5G band technology has been tested for public safety and has failed to be proven safe to the public, therefore we believe that its installation during our current shutdown is unconstitutional and against the public interest. (see items 4, 22 and 23 below) Further, these companies, in most cases, have not proven the required "gap in service" necessary to be allowed to install these facilities. Additionally, we find it particularly egregious that these telecoms have targeted schools and churches to erect their towers in order to expedite their rollout and bypass local zoning laws.

Our city government must do its legal and moral due diligence resisting the telecom and developer campaign of building these AGFs, because there are no legal grounds supporting their necessity. They must legally prove significant "gaps in service" to be able to obtain permits for these upgrades. These AGFs pose an unnecessary and dangerous threat to the public, and would eventually open the city and state up to countless class action law suits. Further, 5G wireless technology will replace hundreds of thousands of miles of fiber optic cable that has already been paid for and installed. A fiber optic cable network is more reliable, much faster and safer. (see item c. below)

Public safety and local zoning must be considered first and foremost by our elected officials, who are our only voice in this matter. Since electronic smog is considered "smog", we additionally request that the city utilize it's POLLUTION LIABILITY INSURANCE option to put in place, an immediate moratorium on all further telecom and developer activities regarding new AGFs including all necessary underground infrastructure. This will help protect the city from any future class action law suits over health effects from dangerous microwave exposure.

(Contact 5G attorney Andrew J. Campanelli for information regarding this matter: <https://campanellipc.com/attorneys/andrew-j-campanelli/>

We appreciate the level of scrutiny and pressure you and the rest of the city council are under currently, but this is a matter that demands immediate action for the sake of all Angelenos, especially the most vulnerable, our children. The burden of proving the safety of this technology lies with the Telecoms. The protection of the welfare of the public, lies with you, our government. Please join other municipalities including Petaluma and Mill Valley that have passed strong protective ordinances, along with States like New Hampshire and Louisiana, that are calling for health and safety studies to be conducted BEFORE the 5G roll-out.

Attached are materials for your review. We look forward to your expeditious investigation and reply. We also welcome any questions you may have. Thank you for your service and serious consideration of this urgent matter,

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Dutton". The signature is stylized and somewhat scribbled.

Mark Dutton
Communities United CD7

[Links to Sources, Important Studies and Reports Attached Below](#)

There has been no new safety research done on cell signals, by the FCC, since 1996. Democratic Senator Blumenthal of Connecticut makes that clear here:

a.

<https://m.youtube.com/watch?v=ekNC0J3xx1w>

b.

<https://5gfreecalifornia.org>

c.

<https://www.eff.org/deeplinks/2019/10/why-fiber-vastly-superior-cable-and-5g>

1. **US Navy Report** (1971) – Naval Medical Research Institute – Glaser (1971) [Bibliography of Reported Biological Phenomena \('Effects'\) and Clinical Manifestations Attributed to Microwave and Radio-Frequency Radiation](#). A report by the US Navy includes 2,311 studies on the biological effects of Microwave radiation, Both thermal and non-thermal. Pages 7-12 provide a list of all the adverse health effects found including non-thermal effects. The report was updated in 1976 and includes 3,700 studies.
2. **BioInitiative Report** (2012) - [The BioInitiative Report](#) is the most comprehensive review of studies on biological effects caused by EMFs. It was prepared by 29 world-leading scientists and public health experts. The authors reviewed 3800 peer reviewed studies on EMF's, including about 1,800 on the effects of wireless technology specifically. Their conclusion: "**Bio-effects can also occur from just minutes of exposure to mobile phone masts (cell towers), Wi-Fi, and wireless utility 'smart' meters that produce whole-body exposure**". – [Color Charts of Sample Studies of Reported Biological Effects from Radiofrequency Radiation at Low-Intensity Exposures](#).
3. [Bees Birds and Mankind - Destroying Nature by Electrosmog](#) - **Fascinating report** written by German biologist Dr. Ulrich Warrnke

and other leading German scientists. Warnke explains the various mechanisms by which wireless radiation is causing biological harm including to humans, bees, birds and other insects. I wholeheartedly recommend reading it.

4. [5G Appeal](#) - Appeal of 240 scientists from 31 countries who published over 2,000 studies on EMF effects calling for a moratorium on 5G because the harms are proven and because an epidemic of sickness already exists. They state that ignoring the evidence and sickness is a price society can no longer pay.

Mechanisms of Harm

5. **Oxidative Stress Mechanism** – (Meta-analysis paper) - Yakymenko 2015; [Oxidative Mechanisms of Biological Activity of Low-Intensity Radiofrequency Radiation](#). The study showed that **93/100** established that wireless radiation causes oxidative stress. This is important because not only there is more than sufficient evidence that wireless technology is causing profound harms but a mechanism of harm that can provide the casual link is established. Oxidative Stress is an established mechanism that can lead to cancer, non-cancer diseases, and DNA damage. This study disproves the wireless industry's misleading statements that there are no mechanisms by which non-thermal levels of wireless radiation can affect the body. It also disproves the industry's contentions that "the overwhelming majority of studies show no effects".

Specific Harms

6. **Blood Brain Barrier** – (Study in animals) – Frey (1975); [Neural function and behavior: defining the relationship](#). The first study was conducted by Dr. Allan Frey who was working for the US Navy. Frey also who proved the "[Auditory Effect](#)" / "[Frey Effect](#)" of non-thermal

Microwave Radiation. The study found that (1) non-thermal levels of microwave radiation can break the blood brain barrier (BBB) (2) the main cause of the adverse effects is from the modulation rather than the carrier wave. The Swedish Neuroscientist, Dr. Lai Salford, confirmed Frey's study regarding the BBB. He conducted further studies on the various effects of this radiation on the brain.
[Summary by Arthur Firstenberg from Cellular Phone Task Force about Salford's work and link to his studies.](#)

7. **Glucose Metabolism** – (Study in humans) - National Institute of Health (NIH) Study - Volkow (2011) This study shows conclusive evidence of the bio-effects of wireless radiation on the human brain.
[Effects of Cell Phone Radiofrequency Signal Exposure on Brain Glucose Metabolism.](#)

Cancer

8. **NTP Study - Cancer & DNA damage** - On Nov. 1, 2018, the [final report of the results](#) of the \$25 million 10-year study of the National Toxicology Program (NTP) of the National Institute of Environmental Health Sciences (NIEHS) was published. The NTP determined the study found CLEAR EVIDENCE of cancer and [DNA damage](#) in rats from cell phones. The results regarding the DNA damage were published in November 2019. This is the biggest study of its kind. **A peer review [panel of 11 scientists](#)** confirmed the findings of on March 28, 2018. The [NTP](#) is the federal expert agency for evaluation of toxins. Its determinations represent the scientific gold standard. [National Toxicology Program Finds Cell Phone Radiation Causes Cancer.](#) These conclusions were not surprising or novel; they simply confirmed earlier studies' findings, including [epidemiological studies](#) that show increased risk of brain tumors from cell phone use and [dozens of studies that showed DNA damage](#).

Dr. Ron Melnik, PhD, Senior Toxicologist and Director of Special Programs in the (NIEHS), who lead the study until he retired, said in 2016: *"The NTP tested the hypothesis that cell phone radiation could*

not cause health effects and that hypothesis has now been disproved. The experiment has been done and, after extensive reviews, the consensus is that there was a carcinogenic effect. “In regard to the DNA damage findings, Dr. Melnik stated that the results of the study: “should put to rest the old argument that RF radiation cannot cause DNA damage”.

9. **The Ramazzini Institute Study – Cell Tower** - [Ramazzini Institute study](#) (2017), is a 6 million Euro study, confirmed the results of the NTP. however, it has one major difference – while the NTP study used levels of radiation similar to those emitted from a cell phones, the Ramazzini used levels of radiation 6,000 times lower, which are more like the levels of radiation we get from cell towers when they are located further away from homes.
10. **The importance of NTP & Ramazzini** - in 2011 [IARC classified RF radiation as possibly carcinogenic](#) to humans (Group 2B). IARC explained that while there is epidemiological evidence, more animal studies were needed. The NTP study and the Ramazzini Institute study provide the “missing link” IARC to [re-classify RF radiation as a human carcinogen](#) (Group 1).
11. **Cancer - Cell Towers** – (Meta-Analysis Paper) Yakymenko et al (2011) – a good summary of studies including Army and Air-Force studies that show wireless radiation from cell towers and radars have severe adverse effects. This is a good study to explain to legislators why we should not allow 5G towers near our homes or children's schools. [Long-Term Exposure to Microwave Radiation Provokes Cancer Growth: Evidences from Radars and Mobile Communication Systems](#)
12. **Cancer - Children**- American Brain Tumor Association - Ostrom (2015) – [Adolescent and Young Adult Primary Brain and Central Nervous System Tumors Diagnosed in the United States in 2008-2012](#). **NOTE - This report is not on wireless harms** but shows that the four (4) leading diseases that kill children and young adults are brain tumors, thyroid cancer, testis cancer and rectal

cancer – cancer in proximity to where wireless devices are carried/ used.

13. **Courts Find Causation Between Cell Phones & Brain Tumors - [Fifth Court in Italy Ruled Cell Phones Cause Brain Tumors and Determined It Is An Occupational Disease](#)**

Microwave Sickness

14. **Microwave Sickness – Diagnosis Guidelines** - (Meta-analysis – Diagnosis guidelines) - Belyaev et al (2016); [EUROPAEM EMF Guideline 2016 For the Prevention, Diagnosis and Treatment of EMF-Related Health Problems and Illnesses](#). Microwave Sickness is the more accurate name for electro-sensitivity (ES). It is the most widespread manifestation of illness from wireless radiation with mainly neurological symptoms. Anyone who is experience symptoms from wireless is essentially suffering from this condition. At least 10% of the population has already developed the condition; the rates are likely higher. It is a spectrum condition. In 2016, the EMF working group of the European Academy for Environmental Medicine (EUROPAEM) published guidelines, which include a review of the science and instructions for doctors on how to diagnose and treat the condition. It is important to know that Microwave Sickness is Recognized under the ICD-10 as ‘Radiation Sickness’ and was acknowledged by various government agencies as a disability.
15. **Microwave Sickness – Physiological biomarkers** - (Study in humans) Belpomme (2015); [Reliable disease biomarkers characterizing and identifying electrohypersensitivity and multiple chemical sensitivity as two etiopathogenic aspects of a unique pathological disorder](#). This study on 700 people who developed Microwave Sickness found that the symptoms experienced by the injured indicate severe physiological injuries. The study found that 28% of the study participants had leakage of the Blood Brain Barrier, 40% had chronic inflammation indicating oxidative stress;

23% had autoimmune antibodies and 100% had reduced levels of melatonin. Substantive scientific evidence exists showing that all these injuries can be associated with RFR exposure

16. **Microwave Sickness – Mystery Sickness in Cuba Diplomats –** (meta-analysis) -Golomb 2018; [Diplomats' Mystery Illness and Pulsed Radiofrequency/Microwave Radiation](#)” Prof. Beatrice Golomb MD. PhD., from UCSD paper provide detailed analysis and concludes that the “mystery sickness” suffered by US diplomats in Cuba (and China) is likely Microwave Sickness and similar to those reported being affected by RF/MW from wireless devices/ infrastructure and showed the same symptoms including brain injury and brain swelling. The study provides detailed analysis of every element of the condition including biological mechanisms of harms and critical analysis of negative studies. [The U.S. government's investigation](#) has determined that microwave sickness is the most probable explanation of their symptoms: “...***the U.S. believes sophisticated microwaves, or another type of electromagnetic weapon were likely used on the U.S. government workers.***”

Reproductive Harms

17. **Reduced Sperm Count –** (Study in humans) - Zilberlicht (2015) - [Habits of cell phone usage and sperm quality - does this warrant attention?](#) Dozens of studies prove beyond a doubt that wireless radiation adversely affects the sperm.

Autism

18. **Autism –** (Meta-Analysis Paper) – Herbert (2013); [Autism and EMF? Plausibility of a pathophysiological link – Part I](#); [Part 2](#) Prof. Martha Herbert MD. PhD is a pediatric Neurologist from Harvard University who specializes in neurodevelopmental conditions in children, especially, Autism. Her paper has 550 scientific citations showing that for every problem identified in Autism, there is scientific literature showing how EMFs can create those problems. She doesn't claim that EMF is proven to cause autism but that “EMF can

certainly contribute to degrading the physiological integrity of the system at the cellular and molecular level” and that “children are more vulnerable than adults, and children with chronic illnesses and/or neurodevelopmental disabilities are even more vulnerable.”

ADHD

19. **ADHD** – Prenatal exposure leads to ADHD - (Study in mice) - Aldad (2012) [Fetal Radiofrequency Radiation Exposure From 800-1900 MHz-Rated Cellular Telephones Affects Neurodevelopment and Behavior in Mice](#). The study showed that fetal exposure to cellular telephones affects brain neurodevelopment and memory and behavior in mice and can lead to ADHD. Press [HERE](#) for Prof. Taylor video presentation.

20. **ADHD - Prenatal exposure leads attention and behavioral problem** – (study in Humans) – Birk 2017; [Maternal cell phone use during pregnancy and child behavioral problems in five birth cohorts](#). A study on 83,884 women, provide the human evidence and concludes that maternal cell phone use during pregnancy may increase the risk for behavioral problems in the offspring, particularly hyperactivity/inattention problems. A UCLA study (Divan 2008) on 13,159 women also found the same effects (Divan 1008). There are additional twenty-six (26) studies from 2008-2017 showing adverse effects of exposure during perinatal periods on the development and functions of the nervous system and indicate its special vulnerability to RFR. Five (5) studies showed that the cerebellum seems to be especially vulnerable and effects of exposure to cell phone frequencies affected embryonic neural stem cells, which play a critical role in brain development.

Wi-Fi

21. **Wi-Fi** – (Meta-analysis paper) - Pall (2018); [Wi-Fi is an important threat to human health](#). The paper summarizes the various health effects found to be caused by Wi-Fi and includes 100 scientific references and concludes that repeated Wi-Fi studies show seven

main effects: oxidative stress, sperm/testicular damage, neuropsychiatric effects including EEG changes, apoptosis, cellular DNA damage, endocrine changes, and calcium overload. “Each of these effects are also caused by exposures to other microwave frequency EMFs, with each such effect being documented in from 10 to 16 review” and concludes that “[t]herefore, each of these seven EMF effects are established effects of Wi-Fi and of other microwave frequency EMFs.” The paper refutes a study published by a Telecom industry expert, claiming that there are seven important studies of Wi-Fi that showed no effect. Pall explains that “none of these studies were Wi-Fi studies “with each differing from genuine Wi-Fi in three distinct ways.” These studies did not use “Wi-Fi” but rather only the carrier wave without the modulation (which makes it into “Wi-Fi”), a known way in which industry is manipulating the results of studies.

5G / Millimeter Waves

22. **Millimeter Waves – Interaction with Skin** – Feldman 2008; [Human Skin as Arrays of Helical Antennas in the Millimeter and Submillimeter Wave Range](#) – The study shows that when 'millimeter waves' which will be used for 5G, interact with the body - they make the sweat nodes into an antenna and therefore the whole body becomes an antenna.
23. **Millimeter Waves – (Meta-Analysis) Conducted by the US Army & Air Force** -Pakhomov (1998); [Current State and Implications of Research on Biological Effects of Millimeter Waves: A Review of the Literature](#) – A summary report on millimeter waves. The paper summarizes dozens of studies of biological effects of millimeter waves that now are being used for 5G. The report shows numerous and profound effects demonstrated on all biological systems including cells and humans. Many of the studies show effects at non-thermal levels. Interestingly, the research showed mixed effects – some showed regenerative effects while others showed adverse effects which is not surprising as anything that has biological effects may have both adverse and beneficial effects, depending on

frequency, power and exposure time. This contradicts the FCC stance that there are no biological effects. Adverse effects found in the studies review included arrhythmia, heart rate variability, effects on the development of embryos, effects on antibiotic resistance and other effects.

Impact on Animals

Bees

24. [Exposure to cell phone radiations produces biochemical changes in worker honeybees](#) – Exposure of beehives to radiation from two cell phones for 15 minutes a day, twice a week for 3 months led to complete collapse of the colony.
25. [Changes in honeybee behavior and biology under the influence of cellphone radiations](#) - Study showed cell phone radiation interfered with **cellular metabolism**. After exposure of **10 minutes** the bees **could not metabolize sugars, protein or fats**. As with humans, their **cells became Oxygen starved**. **But** it happened **much faster** with bees.
26. [Video of dead bees near “small cells”](#)

Birds

27. [US Department of Interior Letter 2014](#) - The strongest and clearest statement by a US government agency in regards to the harm and inadequacy of FCC guidelines was in a letter from the Department of Interior from 2014 which states that the problem with the migration of birds is caused by the cell towers and that the FCC guidelines have been obsolete for over **30** years.

28. **White Storks - [Possible Effects of Electromagnetic Fields From Phone Masts on a Population of White Stork](#)** - Biologist Balmori monitored the reproduction of White **Storks**, a bird that lives in urban areas. Storks usually build their nest on tall trees. Now with cell towers the nests are exposed to microwave radiation. Balmori compared nests within 200 yards, and nests 300 yards and more from a cell tower. He found that: **40% of those nests within 200 yards** had no chicks compared to only **3.3%** of those 300 yards and more from the tower. He also showed that for those within 200 yards, **sticks fell** to the ground when they tried to build their nest, the **nest did not get built**, the **couples fought** for the offspring, and the **hatched chicks frequently died**.

Other Animals

29. **[Effects of Frogs - Mobile Phone Mast Effects on Common Frog \(*Rana temporaria*\) Tadpoles: The City Turned into a Laboratory](#)**. The study lasted for 2 months, from egg phase to advance phase of tadpoles. Biologist Balmori exposed them to radiation from a cellular antenna located 140 yards away. The mortality rate of the control group was 4.2% but of the frogs exposed it was 90%. He also found low coordination of movements, an asynchronous growth, resulting in both big and small tadpoles.
30. **Effects on Jaguars – Scientific American published - [No Cell-phone Reception? That’s Good News for Jaguars](#)**. The study looked at the distributions of **45 medium and large mammal species** in the **Brazilian Atlantic forest** and **compared that data to the distribution of cell towers in the region**. The results: Out of more than **18,000 animal observations** (including everything from

in-person sightings to tracks and camera traps), only 18 percent occurred in areas where there was decent cell-phone coverage. The relationship was even more striking for **threatened species**, like the jaguar: **Only 4 percent** of sightings occurred in locations where you could make a mobile phone call.

Must Watch

31. **Video of the Effects of Bluetooth & Cell Phone in the Car on Brain Activity** – a **[MUST WATCH Video](#)** of the experiment which was done by German scientists.

The Wireless Fraud

32. **The Nation Article** – excellent article that was published on 3/29/18, about the wireless industry fraud/cover up titled: "**[How Big Wireless Made Us Think That Cell Phones Are Safe: A Special Investigation](#)**" and the subtitle: **[The disinformation campaign—and massive radiation increase - behind the 5G rollout.](#)**" The article is especially important as it was written by two leading investigative journalists - **Mark Hertzgaard** and **Mark Dowie**. Dowie is a former publisher and editor of Mother Jones and has won nineteen journalism awards.
33. **FCC – Captured Agency** - Harvard University Center for Ethics (2015)- **[Captured Agency: How the FCC is Dominated by the Industries It Presumably Regulates.](#)** Summary of relevant points from the report regarding the FCC & the wireless industry from SaferEMR.com - **[An Exposé of the FCC: An Agency Captured by the Industries it Regulates](#)**

Database of Studies

34. **EMF Portal - [EMF-Portal Database of Studies](#)** – A website which is managed by a German hospital and funded by the German

government and industry. Likely the most comprehensive database of studies on the issue of electromagnetic fields and radiation (both studies that found effects and studies that didn't find effects), a total of about 30,000 studies-

California Specific Information

35. California Medical Association (CMA) Resolution on Wireless Standards Reevaluation (2014) Resolution 107- 14 - The

California Medical Association passed a [resolution stating that our current safety standards are not adequate to protect public health](#) and need to be revised to take into account non-thermal biological effect. Its resolve states: "CMA support efforts to implement new safety exposure limits for wireless devices to levels that do not cause human or environmental harm based on scientific research." In this resolution CMA acknowledges that "... peer reviewed research has demonstrated adverse biological effects of wireless EMF including single and double stranded DNA breaks, creation of reactive oxygen species, immune dysfunction, cognitive processing effects, stress protein synthesis in the brain, altered brain development, sleep and memory disturbances, ADHD, abnormal behavior, sperm dysfunction, and brain tumors..." CA Medical Association is the only medical association that has passed such a resolution.

36. LA Firefighters & Cell Towers - in 2005, The International Firefighters Union, representing over 300,000 firefighters recognized wireless microwave radiation health effects and has stood strongly against locating cell towers on top of their fire stations; [28 page International Association of Fire Fighters Resolution](#) detailing health effects associated with exposure to wireless microwave radiation and reported symptoms of their exposed firefighters. The document states numerous health effects were found to be caused by wireless radiation. The resolution was a result of complaints by firefighters of headaches, memory problems, sleeping problems, anxiety following the installation of cell towers at their fire stations. Brain scans of the firefighters in 2005 showed abnormalities. The results of these

abnormal brain scans were summarized in a [letter written to the FCC in 2013](#). California Assembly Bill AB57, which passed on October 9, 2015, exempts fire stations from having transmitting devices on their facilities. The 5G Bill SB 649 which was vetoed by Governor Brown included an exemption for firefighters.

37. **CA Department of Public Health (CDPH) Cell Phone Safety Guidelines** (2017) - In December 2017, the California Department of Public Health became the first US State Department of Health to publish guidelines on [how to reduce exposure to radiofrequency from cell phones cell phones](#). However, sadly the story behind the publication of the guidelines exposes the outrageous failure of those entrusted to protect our health, likely because of fear of industry. In 2014 Dr. Joel Moskowitz, Director of the Center for Family and Community Health, School of Public Health, University of California, Berkeley, submitted 3 requests to the CDPH under the California Public Records Act for this information. All three requests were denied. In 2016, the UC Berkeley School of Law, Environmental Law Clinic and the First Amendment Project filed a lawsuit on his behalf in the Sacramento Superior Court. On May 12, 2017, CA Attorney General's office released the drafts. Shockingly it was discovered that since 2009 and until 2015, the California Department of Public Health prepared 27 versions of a cell phone radiation safety fact sheet but never released them to the public. In December 2017 it officially published the guidelines. Needless to say, the guidelines are inadequate, full of fear of telling the truth, and also give bad advice such as encouraging the use of Bluetooth headphones. The story was covered by the San Francisco Chronicle's "[New records show how state reworked secret cell phone warnings](#)"

RE: LAPD Budget Cut

Date of NC Board Action:

Type of NC Board Action: OPPOSE

Impact Information

Date: Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 20-0692

Agenda Date: Item Number:

Summary: Sunland Tujunga Neighborhood Council is concerned with the possible reduction of the LAPD budget. Without a tangible list of cuts to review, the STNC does not support the reduction at this time. Depending on the cut, it could reduce community policing in the areas that could not afford private security and cause an increase in crime.

RE: L.A. Mayor & City Council Should Take Pay Cut

Dear Mayor Garcetti and Los Angeles City Councilmembers:

The STNC requests that our elected officials should donate 46% of their pay to make their pay equal to other large city councils and recommend they donate the money back to city services for the duration of the current financial crisis.

Sincerely,

Liliana Sanchez, President
Sunland-Tujunga Neighborhood Council
