Dear President Ms. Grant,

Please consider my request herein for consideration for the vacated position of 2nd VP, Outreach. Since the beginning of my term with the STNC, I have diligently attended as many meetings as possible, completed my training promptly and have read voraciously to gain information to successfully serve our community.

My work history includes many years as Event Coordinator in addition to administrator duties. I am presently retired.

I believe my acquired skills in promoting events and providing information will serve nicely with the Outreach needed in our community. I have many ideas to promote our service clubs, schools, National Night Out, and to secure equipment for Movies In The Park, and other efforts voiced by stakeholders.

Thank you for your consideration.

Karen Perdue
